PRESS RELEASE WATER MAINTENANCE – CEDAR RIDGE AREA

Sonora, CA – July 14, 2009
FOR IMMEDIATE RELEASE

Contact: Lisa Westbrook
Customer Service Supervisor, TUD

In an effort to upgrade the water system in the Cedar Ridge area, Tuolumne Utilities District maintenance crews will be replacing a pressure reducing valve Thursday, July 16, 2009.

While TUD crews are working on this project, Tuolumne Utilities District customers who live on North Oxbow, Caddo Circle, Buggy Way and Saddle Court may experience a water outage between 8am to 3pm on Thursday, July 16th. Please prepare in advance by filling containers with water, having bottled water on hand or filling a bathtub to provide water for toilet flushing.

We apologize for the inconvenience and plan to have water restored to this area as quickly as possible. For more information, please contact Lisa Westbrook, Customer Service Supervisor at 209-532-5536, ext. 501.
