

# Integrated Regional Water Management

A Key Initiative of the  
California Water Plan

# Meeting Objectives

- Provide overview of IRWMP purpose and required elements
- Tentative agreement on included geographic areas
- Determine agencies to be included in joint grant application
- Identification of resources to assist in grant application preparation
- Identification of other interested parties such as NGOs
- Identification of project lead(s)
- Tentative agreement to draft MOU
- Meeting schedule agreement

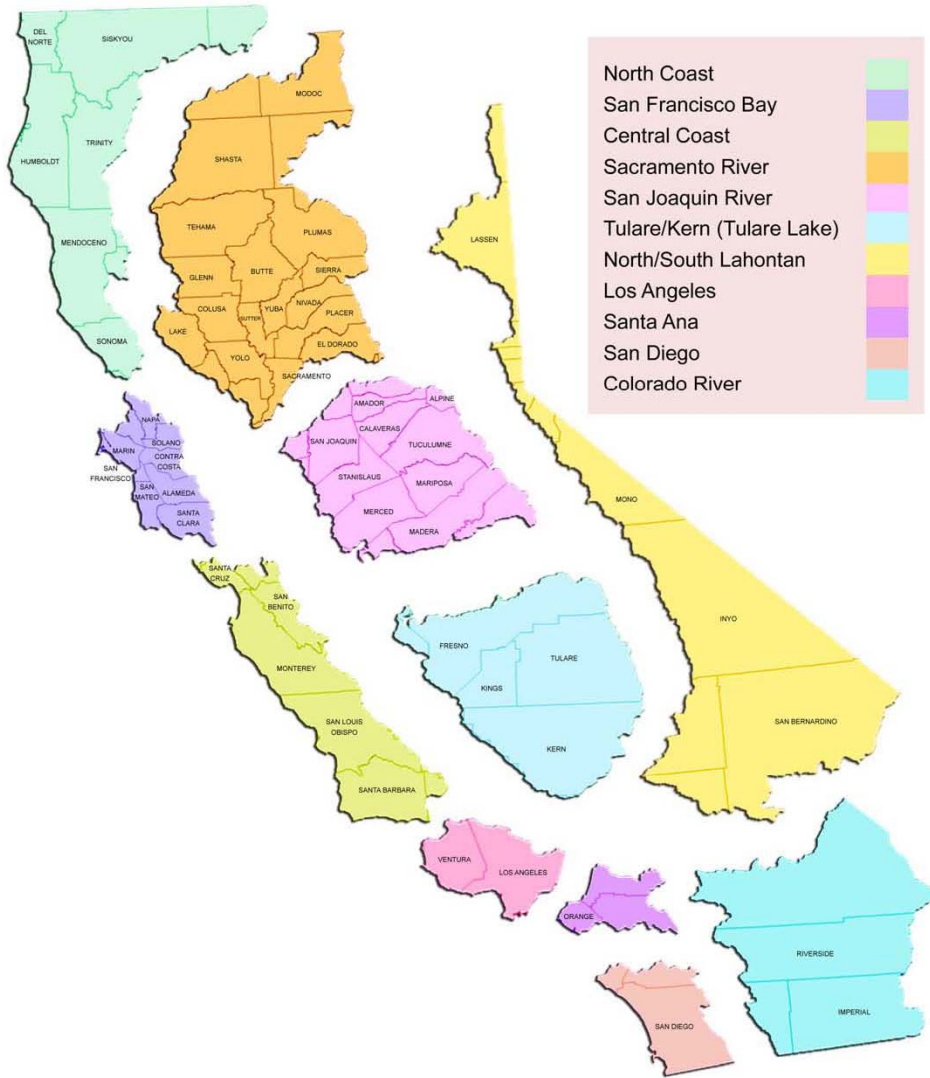

# IRWM Grant Program Highlights

- Recommended in the 2005 CA Water Plan
- Promotes and encourages regional strategies for the management of water resources through local agency collaboration
- Provides assistance to local agencies developing IRWM plans
- Ensures IRWM plans are consistent with the State Guidelines
- Funds projects submitted by IRWM planning regions
- Administers grants funded by Prop 50, 84, and 1E

# What is an IRWM Plan?

Comprehensive water resource planning and management tool intended to:

- Encourage coordination of various regional stakeholders – water purveyors, wastewater agencies, flood control, NGOs, etc
- Identify resource issues and needs within the region
- Determine goals and objectives of water management for the region
- Resolve water resource conflicts
- Develop solutions using the water management strategies identified in the CA Water Plan
